The *Rise of Midnight* series

Helping vampires send a demon back to hell wasn't how Autumn thought she'd spend spring break.

At seventeen, she's no different than any other girl her age. Or so she thought until a strange dream one night sends some unwanted changes her way...

Kidnapped by a coven of vampires, Autumn is catapulted into a dark underworld, where she learns she's not who she's always thought...and that she must play a key role in sending a powerful demon back to hell.

Things get more complicated when the vampires capture an alluring stranger named Blake. He's not like the others, and he's sparked everyone's curiosity...especially Autumn's.

Now, Autumn is forced to leave behind everything she's ever known and accept her new fate—fighting to prevent a possible hell on Earth.

And in the process, maybe even lose her humanity.
